July 2018

Dear Potential Candidate:

This position is by appointment to complete the 4-year term through November 2020 that was vacated when Rick Hoffman resigned, as he no longer lives within the division for which he served.

Board meetings are every third Thursday of the month at 3:00 p.m. Sometimes appointments may be made for Ad-Hoc Committees that will meet periodically throughout the year. You may take a look at Form 806 on our website under the sub menu: *Board / Management* for a list of ad-hoc committees. Also, take a look at the posted Board Resolution No. 122 for information on compensation.

I have attached the application as well as some Ethics information. The appointee will have to complete Ethics Training, which the District will assist in setting. This is a mandatory course set by Assembly Bill 1234 for elected officials and staff in compliance with our Conflict of Interest Code.

Should you have any questions, or need more information please do not hesitate to contact me.

You may return your completed application to me by email (kaguilar@lhmwd.org), USPS or drop it off by Wednesday, August 8, 2018, by 5:00 pm.

Thank you for your interest!

Kathleen Aguilar

Ethics

In January 2006, Assembly Bill 1234 required some 10,000 directors, trustees and other governing board members of California special districts, as well as city and county officials, to begin receiving ethics training. Recertification is required every two years.
New Board Members must complete AB1234 training within one year of taking office and then every two years thereafter.

Where can local officials get this training?

Local agencies must provide covered officials with a list of options for satisfying this requirement at least once a year. The training can occur in-person, online or on a self-study basis (read materials and take a test). Agencies are not required to provide the training themselves, although a number may choose to do so. A variety of organizations offer such training (including law firms and nonprofit organizations). In addition, there are self-study materials available from the Institute for Local Government's website (www.ca-ilg.org/AB1234compliance) as well as a free online course at http://localethics.fppc.ca.gov or http://www.localethics.fppc.ca.gov that the Institute developed in collaboration with the FPPC.
