BOIL WATER ORDER

*Este informe contiene información muy importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.*

BOIL YOUR WATER BEFORE USING

Failure to follow this advisory could result in stomach or intestinal illness.

AVISO DE HERVIR EL AGUA

Para Evitar Enfermarse, Hierva Su Agua Antes de Beberla o Preparar Comida

Due to the recent mainline rupture, the California Department of Public Health in conjunction with the Riverside County Health Department, and **Lake Hemet Municipal Water District** are advising residents of **Garner Valley** to use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution.

DO NOT DRINK THE WATER WITHOUT BOILING IT FIRST. Bring all water to a boil, **let it boil for one (1) minute**, and let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking, brushing teeth and food preparation **until further notice**. This is the preferred method to assure that the water is safe to drink.

No beba el agua sin antes hervirla. *Hierva toda el agua por un (1) minuto (a punto de ebullición). Deje enfriar el agua antes de beberla. Hasta nuevo aviso, use agua hervida o embotellada para beber, lavarse los dientes, y para preparar comida.*

We recommend flushing your water lines once pressure has been restored. This will remove air, dirt, and debris from the lines.

We will inform you when tests show no bacteria and you no longer need to boil your water. We anticipate resolving the problem within the next 24 to 48 hours.

For more information call:

Lake Hemet Municipal Water District: Kristen Frankforter **951-658-3241 ext 245**

California Department of Public Health/State Water Resources Control Board – Drinking Water Field Operations Branch- Riverside District Office: **619-525-4961**

County of Riverside Department of Environmental Health: **760-863-7008**

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly.

Thank you for your understanding and cooperation.

Lake Hemet Municipal Water District
